ulous technology support and transfer.

Our Support

What we are....

Coolex industries with over three decades of
expertise in making air-conditioning & refrigeration
systems, observed the fast changing scenario in the
world about the incredible opportunity that awaits
in the field of food vending and kiosk business and
ventured into franchising these successful concepts
in india, dubai and malaysia. we have been
supporting entrepreneurs and institutions who wish
to set up their own chain of snack food and kiosk
vending buisness.

Coolex industries is founded by dynamic and
innovative personality Mr. P.Radhakrishna who intro-
duced worlds first concepts like microprocessor multi
split air - conditioned, instant coconut chiller and
sugarcane crusher cum chiller, the same legacy is
continued by his son Mr. P.Sandesh with more
dedication and innovation.

Coolex is also the leading manufacturer of
high quality soya food products.
